

# Expressive Art Club

Creating art is a wonderful stress reliever as well as a way to build confidence and increase creativity. Children today are in need of some healthy outlets. This journey of art expression will provide participants with an opportunity to *reduce anxiety and stress, increase creativity, expand knowledge* of specific artists and techniques, and participate in some **fun, healthy socializing** with their peers.

**Tara Bane** has been a practicing Art Therapist for over 27 years and an Artist for even longer. With her knowledge of art
